

## CALIFORNIA PROPOSITION 65 DECLARATION

Dear Valued Customer,

This letter is to inform Tycon Systems Inc. customers that products manufactured by Tycon Systems Inc. do not contain chemicals listed under California's Safe Drinking Water and Toxic Enforcement Act of 1986.

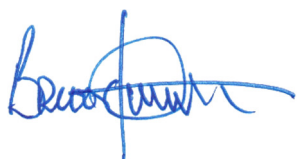

This Act, commonly known as Proposition 65 (Prop 65), establishes a list of chemicals that California's risk assessment process has determined to pose a risk of cancer, birth defects, or other reproductive harm.

The Proposition 65 chemical list can be found at:

<https://oehha.ca.gov/proposition-65/proposition-65-list>

Please be assured that Tycon Systems Inc. will continue to monitor Proposition 65 regulations for any newly listed chemicals. We will compare any additions to the list against the raw materials used in our finished products and communicate any relevant updates to our customers.

Regards,

A handwritten signature in blue ink, appearing to read "Benjamin", is written over a faint, illegible printed name.

Quality Control  
Tycon Systems Inc.
